

# External Modules

For AutoDNS and SSL Manager there are several external implementations available:

	<p><a href="#">Information</a></p> <p><a href="#">SetupGuide Domain Plugin</a></p> <p><a href="#">Download Domain Plugin (Version 04-30-2019)</a></p>
	<p><a href="#">Information</a></p> <p><a href="#">SetupGuide SSL Plugin</a></p> <p><a href="#">Download SSL Plugin (Version 04-30-2019)</a></p>

## ChangeLog

[30.04.2019]  
- OwnerC = AdminC function for domain transfers fixed
